# Get ahead of the needs of your organization.

Xerox® Mobile Print provides flexible options to quickly and easily add innovation to your enterprise.

## Your Choice. Your Way.

- Choose Xerox® Mobile Print Cloud to easily manage local and remote locations, control visitors' printing access and "pay as you use."

- Choose Xerox® Mobile Print Solution with an on-site server for your internal network, or behind your network's firewall, for added control and higher volume use.

Whether you want to manage it yourself or have us take care of everything, you have total control. Either way, it frees you and your staff to focus on more complex issues that drive your core business.

**Try it for free.** Download our free 30-day trial today and see firsthand how Xerox® Mobile Print Cloud can help your organization today.

# Xerox® Mobile Print
## Productivity anywhere your business takes you.

# True printing freedom that's simple, convenient and secure.

## It's no secret that mobile technology has changed where and how we work.

In fact, people now work from virtually anywhere. Yet as mobile as our workforce has become, people still need to print documents—conveniently—wherever and whenever they need to. That's where Xerox® Mobile Print comes in.

### Convenient Mobile Printing

From any mobile device to nearly any brand of networked printer, Xerox® Mobile Print raises your productivity anyplace your business takes you—whether you're out and about or simply in another part of your building. We take the mystery and anxiety out of mobile-device printing with a truly flexible solution that's simple, convenient and secure.

### Choose between an easy-to-use app or simple email submission.

Xerox® Mobile Print enables you to easily print from your smartphone or tablet—as well as laptops and desktops. From your mobile device, you can:

- Select your office document, photo, PDF, etc.
- Choose the nearest enabled printer.
- Select your printer settings.
- Preview and release your document to print.

### Accurate printing from day one.

True native MS Office conversion enables you to print your most common business documents without concern of losing your formatting or data. Including MS Word, Excel® and PowerPoint®, as well as PDFs, you'll get the print results you want on your first output.

## Accelerate your productivity. Simplify your work life.

Xerox® Mobile Print is a turnkey technology that's simple, convenient and secure.

### Simple

- Xerox® Mobile Print handles all popular document formats, no matter where you are—from nearly any mobile device to nearly any printer, regardless of brand.
- With flexible mobile device support, you can get ahead of the game and control emerging bring your own device (BYOD) trends. It's that simple.

### Convenient

- Xerox® Mobile Print raises the bar on printing, giving you just what you need, right when you need it.
- Submit print jobs through your email or by using our app. Both methods are hassle-free and never require a print driver.
- Preview jobs before printing and set print options such as duplex—all right from your tablet or smartphone.

### Secure

Xerox® Mobile Print provides robust protection at every level and gives you the security and control you require:

- Control when each document releases to the printer.
- Manage allow/block listings to ensure users have the correct access.
- Get peace of mind with the secure Xerox and Microsoft Windows Azure platform.

---

**Xerox® Mobile Print enables printing from most mobile devices and network printers, including:**

- iPhone®
- Android devices
- iPad®/tablets
- Laptops
- Desktops
